

Dear Member,

Indian Oilseeds and Produce Export Promotion Council (IOPEPC) is a designated competent authority by Ministry of Commerce (MOC) to issue Certificate of Export (COE) and Official Certificate (OC) for Sesame seeds intended for export to EU.

The Council is successfully managing the sesamum.net portal for Sesame seeds shipments to the EU resulting in substantial decrease in rapid alerts at destination ports. The Standard Operating Procedure (SOP) framed by the Council for Sesame seeds shipments to EU has been lauded not only by the MOC, other EPCs, member exporters but also by the EU commission.

The Council has been prompt in providing all the required assistance and support to the members whenever and wherever required for Sesame seeds shipments to EU. Services like issuing NOC, Amendment in COE, reissuance of OC are provided in a prompt manner to the members without any additional cost.

There are considerable expenses involved in managing the sesamum.net portal along with issuance of COE and OC. Please note that since the implementation of SOP there has been no upward revision in the charges for issuing CoE and OC.

In view of above factors, the Council has decided to increase the charges for issuance of Certificate of Export (CoE) from the existing Rs 25/- per MT to Rs 40/- per MT (exclusive of Taxes) and Official Certificate (OC) from the existing Rs 50/- per MT to Rs 75/- per MT (exclusive of Taxes) for exports of Sesame seed to the European Union effective from **1st June 2023**.

All members are hereby requested to kindly make note of the above.

Look forward to your continued support.

Regards,

Ramesh Kolath

Dy. Chief Executive Officer

Indian Oilseeds and Produce Export Promotion Council
